

## inspired by nature

Arte is synonymous for innovative and trend-setting high-end wallcoverings. Unique Fabrics, now the exclusive distributors of Arte in Australia as well as New Zealand, is pleased to introduce two exciting new collections: Maison 01 and Carapace.

The design 'Moire Lurex', featured in this photo, is from Arte's Carapace collection, inspired by nature's skins, textures and colours. The look and feel of various plants, minerals and animals has been combined with the textures and colours of other elements, resulting in surreal, almost magical creations that appear to be born out of a parallel universe. Most of the wallcoverings have some sort of iridescent shimmer, which shifts from one colour to another depending on the angle you look at it. The results are unpredictable and surprising — qualities that make the walls feel as if they are coming alive.

For more information, contact Unique Fabrics on (Australia) 1800 145 855, (New Zealand) 0800 UNIQUE or visit [www.uniquefabrics.com](http://www.uniquefabrics.com)

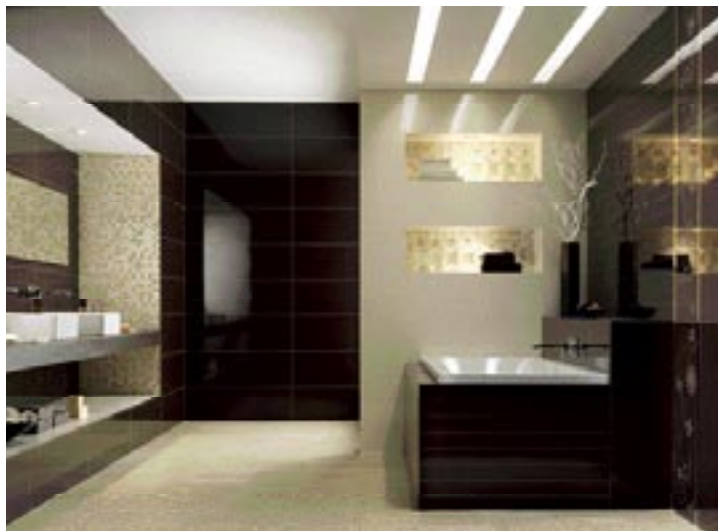

## timeless design

International Ceramics is one of the renowned leaders in the ceramic industry, providing the latest designs and innovative products to cater to an increasingly sophisticated and demanding clientele. Its latest product from Italy is the new Aisthesis Series from Panarria.

Aisthesis combines beauty, balance, elegance and sophistication to any interior. The collection is offered with a wide range of sizes, decorations and special pieces. This full-bodied porcelain tile comes in five contemporary colours for the floor and four different gloss tiles for the wall. The range of sizes includes 30x30, 30x60, 60x60 and the gloss wall tile 30x90.

International Ceramics' collective eye for quality and timeless design will help you create the right design for your new home or renovation. With Aisthesis newly available in Australia, you can be sure you are getting the best Italy has to offer.

## fired up

The renovated kitchen in this chic inner-city apartment possesses many striking touches, one being the EcoSmart Cube fireplace, a cleverly designed, square-shaped fireplace to give the kitchen extra warmth and glow.

Style and substance spread through the rest of the kitchen thanks to Kitcheners Kitchens' distinctive design. Starting with a contemporary blend of colours, textures and materials such as the gold-leaf Bisazza-tiled splashback, tan cowhide leather barstools and the stunning granite benchtops. Add some mood lighting along with a Kitcheners wine cabinet refrigerator and the best Gaggenau and Miele appliances, and you have a practical living space with a supremely fashionable edge.

## pure luxury

Australian manufacturer, Velieris, is the world pioneer of natural, undyed alpaca carpet. Renowned as one of the world's most luxurious fibres, alpaca is silky soft to touch yet extremely strong and durable.

The Alpaca Collection is blended from Australian and Peruvian alpaca fleece. It features five broadloom carpet styles in six lustrous colours ranging from natural white to deep charcoal. The colour palette has a versatility that lends itself to both classic and contemporary interiors.

Velieris Alpaca carpets are an investment in the future, designed to last and age beautifully. Pure luxury.
