

BLACK VERSUS WHITE

Make a statement with a bold contrast of black and white products for the kitchen and bathroom

Motivo range of quartz surfaces from **CaesarStone**.

The 591-litre black slim-line three-door French door fridge from **LG**. This slim version makes the most of usable space and features a stylish black design that offers a sophisticated addition to any kitchen. The freezer allows easy access to everyday frozen foods, while the fridge's internal slide 'n' glide drawers are equally user-friendly additions.

This CBD gem by **Kitcheners Kitchens** blends contemporary colours, textures and materials such as the gold-leaf Bisazza-tiled splashback, tan cowhide leather barstools and mood lighting to present a practical and enticing space. The stunning EcoSmart fireplace at one end wonderfully connects the kitchen to the living area for an open-plan ambience.

From **Studio Bagno**, the Berlin series of bench and wall basins makes the perfect addition to any designer bathroom. Resulting from a collaboration with a Dutch architect, the basins are crafted in Italy and come in three sizes: 705mm, 1010mm and 1215mm. Available in white, gloss and matt black or anthracite.

Laminex has added seven contemporary new décors to its Squareform® Benchtop range, expanding its inspired benchtop offering to 31 décors that amplify every kitchen's sense of style. The new colours include Shadowplay, Peace Stone, Atmosphere, Terrasphere, Moose, Jordan Stone and Antarctic Stone.

Gloss-black chrome finish is an option on the full range of Pegasi mixers including basin mixers, sink mixers, slide rail showers etc. Pegasi is the premium Australian-built architectural range for bathrooms and kitchens from **Faucet Australia**.

From **Neutra** and designed by Matteo Thun comes this sophisticated collection of bathroom pieces and accessories. Utilising the natural qualities of stone, marble and wood, the range includes counter-top and wall-mounted washbasins, monoliths, bath tubs, shower trays and shelves.

The black SPACE SRS683GDHB refrigerator features **Samsung's** unique ultra-thin SPACE insulation technology and a storage-efficient interior design, meaning this refrigerator offers nearly 700 litres of capacity (684 litres internally) housed within the same exterior dimensions as a standard 600-litre refrigerator.

The new speedMatic modular dishwashers from **Siemens**.
